A graphic celebrating 62 years. The number '62' is rendered in a large, white, 3D-style font with a gold outline. A gold ribbon banner wraps around the base of the '2', with the word 'Years' written in a bold, black, sans-serif font on it. The entire graphic is set against a dark, textured background that resembles marbled paper or leather. The background is framed by a thin gold border. Teal-colored decorative elements, including a wavy shape on the left and diagonal stripes on the right, are visible at the edges of the frame.

CHARBHUJA

OVERVIEW

The journey of Charbhuja started with the sight of Late Shri Bodulal Ji Rander. His vision was innovative and unparalleled. Born and brought up in Makrana, he bought two quarries of pink marble. He got the organization stamped under the name 'Charbhuja', identical to the famous temple of Lord Vishnu.

Catering to customer's needs, Charbhuja provided a combination of the old and the new, thus, becoming a well-established exporter, importer, producer, and retailer of natural stones. The brand swelled as the baton was passed time after time from one offspring to the other.

At present, Charbhuja has served a number of esteemed clients and has earned their reliance by delivering the best quality stone and having rich, illustrious, and qualitative experience in the stone industry.
